Sir:

In response to the Office Action dated June 13, 2002, please amend the above-identified application as follows:

IN THE SPECIFICATION

Please replace the paragraph beginning at page 3, line 6 with the following rewritten paragraph:

2  
--In accordance with the invention, identification information is extracted from a current broadcast of a piece of music or other type of information of interest to a user, and stored in a memory or other storage device, in response to a user command. The identification information includes sufficient information to identify at least one deliverable information item associated with the current broadcast, e.g., a CD or MP3 file which contains the particular piece of music.
